## Petition for Voting Machine Amendment in Today's Hope Star

Citizens interested in good government will find in today's Hope Star a complete legal Petition which they can voluntarily circulate for signatures to put on the 1962 general election ballot a Constitutional Amendment proposal to authorize use of voting machines in Arkansas elections.

Here in Hope Mrs. Ed Ogran and her women's organization will conduct a signature canvass starting Friday, April 20. Petitions may be turned in at Hope Star office, 212-14 S. Walnut St., Hope, for free notary public service; and this office will forward the completed petitions to state headquarters in Little Rock.

Also on Friday, April 20, a signature canvass will start in Prescott. Mrs. J. R. Bemis of Prescott heads the Petition sponsors in Nevada county. Nevada county petitions may be turned in for free notary service at Gus Garrett Seed Store, E. Second St., Prescott; and completed Petitions will be picked up there for forwarding to Little Rock headquarters.

Practically everyone is for the Voting Machine Amendment. It changes nothing in the State Constitution except that in addition to the present system of numbered ballot stubs it permits the legislature, if it chooses, to substitute voting machines — something the legislature can't do without this proposed Amendment.

Additional copies of the Petition may be had at Hope Star office.

The Voting Machine Amendment is supported by the following organizations: American Association of University Women, the Arkansas Federation of Business and Professional Women's Clubs, Junior Chambers of Commerce, League of Women Voters, Young Democrats and Young Republicans, and many others.

Herbert L. Thomas is chairman of the Voting Machine Amendment Committee, 341 Hall Building, Little Rock, and Cliff Scott is in charge of the office.

## \$56,000 Raised for Sid McMath; Melton Will Run

LITTLE ROCK (AP) — Supporters of former Gov. Sid McMath reportedly raised more than \$56,000 at a closed meeting Tuesday night in an effort to get him into the governor's race.

McMath, who attended the meeting, said he was not ready to commit himself. "I told them I hope to be in a position to make the race," he said. "But I won't know before next week."

McMath said he expected to have an announcement by next Wednesday.

The former governor said he was told \$56,000 was pledged by about 60 persons attending the meeting.

Another person who attended said a poll conducted by a New York man was discussed at length. His source said the poll showed Gov. Orval E. Faubus' strength drastically reduced from 1960 when he defeated four opponents with 57 per cent of the vote.

The poll showed only one in three Arkansas voters still favors Faubus and McMath leads other contenders by about two to one, the source said.

A McMath supporter said the former governor would enter the race if \$100,000 in campaign funds is pledged before the Democratic ticket closes May 2.

The McMath boom, sponsored by a group of Little Rock residents, was the major political development on a generally quiet day Tuesday.

Marvin Melton of Jonesboro scheduled a news conference for Thursday at 10 a.m. and it was learned he plans to announce at that time.

Melton was expected to announce last Saturday but he called a news conference Friday and announced dramatically that he was withdrawing unless popular and financial support materialized for his candidacy.

Apparently Melton was satisfied with pledges of support received over the weekend. He began talking again like a potential candidate Monday.

At Huntsville, Faubus supporters in his home town reported they had raised \$1,500 to pay the governor's filing fee.

Francis J. Murray, editor of the Madison County Record, said the money was pledged by 50 to 75 persons within one or two hours after word of the drive got around.

Murray said the drive was conducted without Faubus knowledge. He said he did not know whether the governor will seek a fourth term.

## Government Seizes, Sells Man's Farm

LAKE VILLAGE, Ark. (AP) — Refusal to observe federal acreage crop allotments has cost James Weir his 944-acre farm.

About 125 farmers from the area attended a government auction at which the farm was sold Tuesday to J. J. Warren of Lake Providence, La., for \$60,000. Weir has said the farm was worth \$300,000.

The sale culminated a long running battle between Weir and the government, which contends he owes \$16,972 for overplanting his 1958 rice acreage allotment.

Weir contends that crop acreage allotments are unconstitutional and battled the Department of Agriculture for three years over the issue.

U.S. Dist. Judge J. Smith Henley upheld the constitutionality of acreage allotments and placed a judgment of more than \$22,000 against Weir Feb. 12.

Weir wouldn't give up. He sought an injunction to halt the sale until he could appeal.

He was told he could stop the sale by posting a \$23,000 bond to cover the amount of the judgment, interest and court costs, but refused. He still owes a \$10,244 penalty for overplanting his 1960 rice crop. He has paid a penalty of \$8,000 for overplanting his 1958 crop.

Many farmers in this rich Mississippi River valley area are sympathetic with Weir's cause.

One farmer testified at a hearing.

## Rickenbacker Favors Break With Russia, Quitting UN, Halting All Foreign Aid

SEARCY, Ark. (AP) — World War I hero Eddie Rickenbacker laid down a stern set of ground rules today for a return to conservatism in American life.

Rickenbacker, now board chairman of Eastern Airlines, called for severing diplomatic relations with Russia, abolition of the federal income tax and foreign aid and withdrawal from the United Nations.

He told 150 conferees at Harding College's 23rd Freedom Forum that concentration of government power in Washington was playing into Moscow's hands.

In a speech titled "Conservatism Must Face Up To Liberalism," Rickenbacker said:

"Although the modern liberals derive their name from the Latin word for freedom, their actions and goals have consistently tended to increase the power of the central government. Modern conservatives take individual liberty as their battle cry, for they know that individual liberty is imperiled when the central government attains unlimited power."

Rickenbacker equated government money and government power and he said conservatives cannot begin to reestablish the republic until the 16th Amendment which authorized the income tax, is knocked out of the constitution.

He said the present unsettled world situation "began 20 years ago when we recognized a handful of bandits as the lawful government of Russia."

Severing relations with Russia and the so-called neutral nations, Rickenbacker said, would be a recognition of the war of total enmity to which "our enemies are irrevocably committed."

"We have everything to gain and nothing to lose, except the diplomatic and cultural spies sent over here by the hundreds at our expense," he declared.

Rickenbacker said that if the United States withdraws support of the United Nations, that body "would collapse overnight."

"There is no such thing as world opinion, at which altar we have been kneeling," he said. "Let's get out of the United Nations and regain control of our own foreign policy until all members have paid up in full with their money and not ours."

He called foreign aid "futile and wasteful."

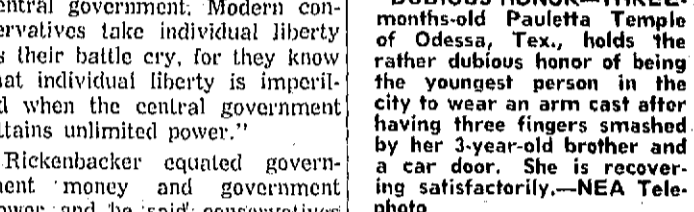

Rickenbacker said one of the goals of conservatism should be restoration of states rights. It would be extremely difficult for Russia to subvert 50 independent states, he said, while infiltrating one government in Washington is comparatively easy.

Rickenbacker said this country would one day "erect a monument to the late Sen. Joseph McCarthy for his heroic effort to awaken the American people to the danger this country, its people and generations to come would have to face."

"(Soviet Premier) Khrushchev isn't trying to lull us to sleep," Rickenbacker declared. "We are asleep. He is just trying to keep us from waking up when he assumes his mask of sweet reasonableness."

Rickenbacker was scheduled to make an abbreviated version of the same address later today in Little Rock before a joint meeting of civic clubs.

Rickenbacker was featured speaker at the week-long Freedom Forum, which runs through Friday.

## Millwood Dam Breakfast Set for April 24

Arrangements were completed this week for the annual Millwood Breakfast held each year at Shreveport during the Red River Valley Association annual meeting, according to the Hope Chamber of Commerce.

Roy Mathias, Executive Vice President of the Red River Valley Association, told Hope Chamber officials this week that his office had made arrangements for the speakers and a meeting room for this affair. The Garden Room, on the main floor of the Captain Shreve Hotel with a seating capacity of 100 people will be used and at least 12 special guests will be in attendance, according to Mr. Mathias.

Special guests will be members of the congressional delegation from the four states area, U.S. Corps of Engineers personnel of Washington, D.C., Dallas and Tulsa.

Time of the breakfast will be Tuesday morning, April 24 at 7:30 and price of the tickets are \$1.75 which will include sales tax and tips. Delegations from Ashdown, Texarkana, Lewisville and Magnolia in addition to those from Hope will be in attendance. Tickets are on sale at the C of C office and those who plan to attend from here are asked to get them as soon as possible.

"The fact that Millwood is under construction is no reason to discontinue this annual breakfast," said Mr. Mathias. "This group can be of invaluable assistance in obtaining yearly construction appropriations, the development of the recreational areas around the lake and other important matters that arise from time to time."

## Kennedy Frees Two Reservists Court-Martialed

WASHINGTON (AP)—President Kennedy announced today that "in the spirit of Easter week" he has canceled court-martial proceedings against a National Guardsman who complained against the President's call-up of Reservists.

At a news conference carried to the nation over live TV and radio Kennedy said that gripped by a small number of Reservists were more misguided than anything else.

So he said he got in touch with the secretary of the Army and arranged for dropping of the charges against Pfc. Larry D. Chidester, 24, of Salt Lake City, who is stationed at Ft. Lewis, Wash.

Kennedy also announced he was freeing Pfc. Bernis Owen, 23, of Seadrift, Tex., a Reservist on duty at Ft. Polk, La. Owen was found guilty on March 27 of a charge similar to that against Chidester. Owen was sentenced to six months hard labor and ordered to forfeit \$50 a month pay while in the stockade.

Chidester was accused of violating the uniform code of military justice by encouraging fellow soldiers to sign a letter critical of the President.

Sent to Sen. Wallace F. Bennett, R-Utah, the letter asked whether Kennedy "liked expenditures of great proportions which he allocates freely or does he think the jobs left open by our callup will re-elect him on the basis of low unemployment."

Kennedy's mood throughout the news conference appeared to be genial and buoyant—in contrast to his obvious anger a week ago over the steel price rise, which he hammered down.

## Garrett Will Not Run for County Judge

In regards to the possibility that he will be a candidate for County Judge, U. G. Garrett today issued the following statement:

"In the past few months I have had a host of friends to call upon me asking that I again enter the race for County Judge of Hempstead County. For this solicitation and sincere interest and expression of confidence that has been shown me I am deeply grateful.

"I do appreciate very much the privilege of having served as your County Judge in the past. Together we did accomplish a lot in regard to our county institutions, such as the Hempstead Memorial Hospital and County Health Unit at the court house grounds, as well as hard surfaced roads and maintenance of gravel roads.

"I shall always be interested in the progress of our County and citizens, to see it grow and prosper into the leading county in the state. A county of good schools, churches and hospitals, a healthy and happy citizenship, a county that we shall all be proud of for the reason of having worked together in order to accomplish it.

"Since leaving as your County Judge, my son, Burgess and I have purchased a business here in Hope, and I do not feel that I can leave our business at this time in order to again ask to serve as your county judge.

"My sincere thanks to all of you for your expression of loyalty and devotion as I humbly and sincerely make this decision today."

Yours very truly,  
U. G. Garrett.

## Jr. Auxiliary Needs Old Clothing

It's time to clean the closets and attics again, Spring being with us.

A proper frame of mind for this job goes a long way in changing drudgery to cheerful anticipation. Think of the project in this way: The Junior Auxiliary Thrift Shop needs clothing of all descriptions, winter or summer, plus lamps, dishes, chairs, low and high, tables and toys. Now that eliminates the problem of how to dispose of the things you no longer can use.

Knowing you are taking part in the clothing and education of children who need your aid will supply the inner energy that helps others always produces. So— you have the stamina for the job.

There you have it — cleaning made easier. This formula carries a guarantee of added happiness.

## Silver Dollars Lead to Arrest

Two youths are to be returned to Hope where they will face charges of burglary in connection with entrance of Washington Hardware Co. and Jones Store at Ozan.

Sheriff Jimmie Griffin said the youths used silver dollars taken at Ozan to buy a shotgun at Glenwood. They were picked up at Menz after State Police were notified of the Glenwood purchase.

Faubus remained in the Ochser Clinic at New Orleans for a physical checkup. He said before he left Little Rock Sunday that he might run again if he gets a clean bill of health.  
This word from the governor set his supporters to predicting he would make another race.  
The possibility that Faubus might get in reportedly renewed McMath's interest in the campaign. McMath, who was governor from 1949-52, gave Faubus his first state political job.  
Faubus was McMath's executive secretary and later was named by McMath to the Highway Commission. Still later he became highway director.

LAKE VILLAGE, Ark. (AP)—Refusal to observe federal acreage crop allotments cost James Weir his interest in a 914-acre farm here Tuesday.  
About 125 farmers from the area attended the government auction in which the farm was sold to L. J. Warren of Lake Providence, La., for \$60,000.  
The farmers apparently thought the government the villain in the sale and several bid on the property. Warren also appeared not to be in sympathy with the government, saying, "We're going to do everything we can for Mr. Weir."  
The sale culminated a long running battle by Weir with the government, which contends he owes \$16,372 for overplanting his 1959 rice acreage allotment.  
Weir has already paid a penalty of \$4,000 for overplanting his 1958 crop.  
He contends that crop acreage allotments are unconstitutional and battled the Department of Agriculture for three years over the issue.  
U.S. District Judge J. Smith Dunley upheld the constitutionality of acreage allotments and placed a judgment against Weir Feb. 12.  
Weir wouldn't give up, and \$1,500 filing fee. Coffelt filed without paying the fee. Dorsey said he would not file until about May 2.

## INSTRUCTIONS TO CANVASSERS AND SIGNERS

1. Amendment No. Seven to the Arkansas Constitution gives to the people of the State of Arkansas the power to initiate Amendments to the Constitution. Such an initiative petition must be signed by ten per cent of the legal voters. If sufficient signatures are obtained, the Amendment proposed herein will be referred to the people at the next General Election.
2. Only legal voters may sign. Names, residences, post offices, and voting precincts must be given. This petition should contain only the signatures of voters residing in the same county.
3. All signatures must be affixed by the signers in their own handwriting in the presence of the person circulating the petition.
4. The signatures should be made with ink or indelible pencil.
5. Do not paste additional sheets to this petition.
6. To sign any name other than your own or knowingly to sign your name when you are not legally entitled to sign it or knowingly and falsely to misrepresent the purpose and effect of this petition for the purpose of causing anyone to sign it shall constitute a misdemeanor and subject the offender to a fine of not less than \$50 nor more than \$1,000 for each violation.
7. The Attorney General is by law required to certify the sufficiency of the popular name and ballot title of all initiative or referendum petitions. This certification does not necessarily indicate his approval or disapproval of the contents thereof.

### INITIATIVE PETITION

TO THE HONORABLE NANCY HALL, Secretary of State of the State of Arkansas:

We, the undersigned legal voters of the State of Arkansas, respectfully propose the following amendment to the Constitution of the State, to-wit:

(Popular Name)

### THE PERMISSIVE VOTING MACHINE AMENDMENT

(Ballot Title)

AN AMENDMENT TO RETAIN THE USE OF NUMBERED BALLOTS AND TO PERMIT THE USE OF VOTING MACHINES UNDER SUCH RULES AND REGULATIONS AS THE GENERAL ASSEMBLY MAY PRESCRIBE.

Be it ordained by the people of the state of Arkansas that the following be adopted as an amendment to the constitution.

Section 1. Article III, Section 3, of the Constitution of the State of Arkansas is hereby repealed and the following section is substituted therefor.

Section 2. All elections by the people shall be by ballot or by voting machines which insure the secrecy of individual votes.

Section 3. In elections by ballot every ballot shall be numbered in the order in which it is received, the number shall be recorded by the election officers on the list of voters opposite the name of the elector who presents the ballot and the election officers shall be sworn or affirmed not to disclose how any elector voted unless required to do so as witnesses in a judicial proceeding or a proceeding to contest an election.

Section 4. Voting machines may be used to such extent and under such rules as may be prescribed by the General Assembly.

Section 5. This amendment shall take effect and be in force from January 15, 1963.

and by this, our petition, order that the same be submitted to the people of the said State, to the end that the same may be adopted, enacted or rejected by the vote of the legal voters of said State at the regular general election to be held in said State on the 6th day of November, 1962, and each of us for himself says: I have personally signed this petition; I am a legal voter of the State of Arkansas and my residence, postoffice address and voting precinct are correctly written after my name:

CUT OUT AT DOTTED LINE ABOVE and you have a perfectly legal Petition which you or your friends can circulate for signatures and help put on the 1962 general election ballot a Constitutional Amendment to permit use of voting machine.

When you have finished circulating a Petition copy the circulator must take it to a notary public.

In Hempstead County the circulation campaign is headed by Mrs. Ed Ogran, and free notary public service may be had at the office of Hope Star, 212-14 S. Walnut St., Hope.

In Nevada County the circulation campaign is headed by Mrs. J. R. Bemis, and your petitions may be turned in and notarized at Gus Garrett Seed Store, E. Second St., Prescott.

Before circulating a Petition read the above Instructions to Canvassers and Signers. What the Instructions mean is:

1. The circulator must ask every would-be signer: "Do you have a current poll tax receipt?"

Only such qualified voters may sign.

2. Sign with ink, ballpoint pen, or indelible pencil.

3. Wife may not sign for husband, and vice versa.

4. Two persons may not alternate in circulating the Petition. If you have only half a page of signatures don't turn the Petition over to someone else — turn it in as is and have your signature notarized. Remember, you are making oath that you personally saw these people sign the Petition.

5. For additional copies of the Petition write Hope Star, which has a supply from state headquarters.

6. Completed Petitions will be gathered up at the Notary Public Stations — Gus Garrett Seed Store in Prescott, and Hope Star in Hope — and will be forwarded to state campaign headquarters in Little Rock.

### One Teen-Ager Who Ironed Out Her Problem

By HELEN WORDEN ERSKIN

Dear Helen: "Idle Hands Make Mischief" are trite but true words. Teen-agers would be less of a problem to themselves and their elders if they had more honest-to-goodness work to keep them busy and enough incentive to make it interesting.

A young girl I know who wanted a horse earned the money to buy it by doing the ironing for overworked mothers in our neighborhood. She was a darned good ironer too; made something like \$1.50 an hour after school and weekends.

There are other sources of income for teens if they would look around. Cherry picking time will be here before long. Other crops follow. Even a horse can be a means of earning money. I know, for my teen-age daughter owns one. People are eager to pasture it and pay a little extra, in re-

turn for fertilizer privileges.

Reading about the sick and aged is still another way for teens words. Teen-agers would be less of a problem to themselves and their elders if they had more honest-to-goodness work to keep them busy and enough incentive to make it interesting.

My own children, now all grown, happily married and self-supporting are living proof of this. —Socially Conscious Mother.

Dear Socially Conscious: I hope that all the teens who query me on ways to earn money read your letter. Perhaps even more important than earning the money is the satisfaction of doing some one thing well enough to be paid for it.

Dear Helen: I am 14 and very interested in horses. I read all the books about them I can find in the library. Horseback riding

is my favorite sport. This brings me to the problem which I hope you can help me with. I've been told that girls who ride horses will never be able to have children when they grow up. Is this true? I love horses but I want to have children. —Joanne.

Dear Joanne: That's an old wives tale. For many years I attended horse shows. Three of the best riders consistently showing at all of them were Mrs. Bernard Gimbel and her twin daughters. Both girls are now grown and have children of their own.

Furthermore, Jacqueline Kennedy, who has been riding since she was younger than you, is the mother of two lovely children. If you enjoy riding, ride.

Dear Helen: That tall girl who loved a short boy but hesitated to marry him because of the difference in height is plain silly.

My daughter, when wearing heels, is three inches taller than her husband. They have been happily married 17 years and are the proud parents of three fine sons, all of normal height. I, myself, am taller than my husband, when

wearing heels, but that makes no difference to him. He loves me! True love is measured by the heart, not by difference in heights.

—Well-Wishing Mother of Four and Grandmother of 11.

Dear Well-Wishing: Thank you for your sensible letter. The long and the short of it always gravitate to one another. I, who am only five feet two when wearing high heels, am attracted to men who tower above me. But it's never made me self-conscious. I simply accepted it as nature's way of seeking a balance and had a good time, even on the dance floor, with the bean poles who, in turn, were attracted to me.

Send your problem to Helen Worden Erskine in care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "A Sense of Humor."

## Legal Notice

## ORDINANCE NO. 789

AN ORDINANCE ENTITLED: AN ORDINANCE TO PROVIDE FOR PLUMBING INSPECTIONS FOR ALL PLUMBING WORK, EVER WATER ORIGINATING FROM THE HOPE WATER SYSTEMS; PROVIDING FOR PLUMBING INSPECTOR; FIXING QUALIFICATIONS FOR PLUMBING INSPECTORS; PROVIDING FOR THE ADOPTION OF THE ARKANSAS STATE PLUMBING CODE; FIXING FEES FOR SUCH PLUMBING INSPECTION; PROVIDING FOR A DISCONTINUANCE OF WATER SERVICE; REPEALING ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; DECLARING AN EMERGENCY AND FOR OTHER RELATED PURPOSES.

WHEREAS, the City of Hope, Arkansas, owns and operates in a governmental capacity, a water system as a municipal utility; such system having plants, pumps, and transmission lines within and without the corporate limits of the City of Hope, Arkansas; and

WHEREAS, certain municipalities, private companies, governmental agencies, firms and individuals not within the corporate limits of the City of Hope, Arkansas, are purchasers of water from the said water system; and

WHEREAS, the City of Hope, Arkansas, is very desirous of maintaining a pure water supply; BE IT THEREFORE ORDAINED BY THE BOARD OF DIRECTORS OF THE CITY OF HOPE, ARKANSAS, THAT:

Section 1: DEFINITIONS: Plumbing for the purpose of this ordinance is hereby defined as the definitions of Act 200 of the General Assembly of 1951 of the State of Arkansas and the Arkansas State Plumbing Code.

Section 2: STATE CODE: The provisions and regulations of the Arkansas State Plumbing Code, and amendments thereto, adopted by the State Board of Health of Arkansas are made a part of this ordinance by reference, three certified copies of which shall be on file in the office of the City Clerk, and shall extend over and govern the installation of all plumbing installed, altered or repaired within or without the City of Hope, Arkansas, whenever water and/or sewage service originating from the municipal water and/or sewage system is furnished.

Section 3: INSPECTION AND SUPERVISION: There is hereby created the position of plumbing inspector or inspectors who shall be employed by the City of Hope, Arkansas.

b. The plumbing inspector or inspectors shall have experience in plumbing to the extent that enables him to know when plumbing is installed correctly and the provisions of this ordinance are complied with.

c. The plumbing inspector or inspectors shall not be directly connected in any way with any person, firm, corporation, directly or indirectly engaged in the business of plumbing, or plumbing suppliers.

d. The inspector shall receive as full compensation for his services, a salary designated by the City of Hope, Arkansas.

e. It shall be the duty of the plumbing inspector or inspectors to enforce all provisions of this ordinance, and such inspector or inspectors is hereby granted the authority to enter all buildings within or without the corporate limits of the City of Hope, Arkansas, when such buildings are connected, or to be connected to the municipal water and/or sewage system.

f. The plumbing inspector shall prepare or cause to be prepared suitable forms for applications, permits, inspection reports and other materials.

g. It shall be the duty of the plumbing inspector to inspect and test all plumbing work for compliance with this ordinance and its adopted plumbing code, and to enforce changing of such installations that does not meet the requirements. It further shall be his duty to see that all persons installing or altering plumbing shall be qualified by state law.

Section 4: APPLICATIONS, PERMITS: a. Before beginning any work in the City of Hope, Arkansas, the person installing or altering plumbing shall apply to the plumbing inspector or other designated official and obtain a permit to do such work. Only those persons legally authorized to do plumbing may be issued permits. A permit may be issued to a homeowner to install or alter plumbing in a single family residence, provided the owner does the work himself and that the building is owned and occupied by the owner as his home. All such work shall meet the code requirements.

b. All applications for permits shall be made on suitable forms provided. The application shall be accompanied by fees in accordance with the following schedule:

1. Plumbing roughed in inspections \$2.50
2. Each plumbing fixture and/or wastes discharge service devices \$.50
3. New or reconstructed sewer connections \$1.50
4. Each septic tank system \$1.50
5. Hot water heater, new or re-

- placed \$1.00
  6. Water service or connection \$ no charge
  7. For final certificate of inspection \$ no charge
  8. Replacement of fixtures \$1.00
- An additional fee of \$1.00 shall be charged for each additional trip on the part of the plumbing inspector, caused by the negligence of the plumber of not being ready for inspection or a return for inspection of a corrected installation.

## Section 5: BOND:

a. Each master plumber doing business in the City of Hope, Arkansas, shall execute and deliver to the City a bond in the sum of One Thousand and NO/100 DOLLARS (\$1,000.00) to indemnify the City or any citizen for any damage caused by the failure of such master plumber to comply strictly with the provisions of this ordinance. No plumbing permit shall be issued to any master plumber unless this bond has been delivered to the City and is in full force and effect.

## Section 6: STREET OPENINGS:

a. All openings made in the public streets or alleys to install plumbing must be made as carefully as possible and all material excavated from the trenches shall be removed or placed where the least inconvenience to the public will be caused.

b. All openings must be replaced in precisely the same condition as before the excavation started and all rubbish and material must be removed at once, leaving the street, sidewalks, or alleys involved as clean and in as good a state of repair as when the work started.

c. All openings shall be marked with sufficient barriers. Flares or red lamps shall be maintained around the opening at night and all other precautions shall be taken by the plumber or excavator to protect the public from damage to personal property.

## Section 7: CROSS CONNECTIONS — BACK FLOW:

a. The City Water Department of the City of Hope, Arkansas, and the City Plumbing Inspector of the City of Hope, Arkansas, are hereby authorized to discontinue or cause to be discontinued all water service or services to any and all premises, buildings or structures where it is found that an immediate hazard exists to the purity or potability of the City water supply, by reasons of the requirements of the Arkansas State Plumbing Code and the regulations of the Arkansas State Board of Health having not been complied with.

b. The City Water Department of the City of Hope, Arkansas, and the City Plumbing Inspector of the City of Hope, Arkansas, shall be and they are hereby authorized and directed to take such steps as are necessary to determine all potential hazards to the purity or potability of the city water supply which exist. Upon determining said potential hazards it shall be the duty of said department and of said inspector to immediately cause notice to go to the owner or such other person responsible for said premises, and specifying said hazards, and notifying said persons that in the event that said hazard is not corrected within thirty (30) days from the date of said notice, all water service shall

## Towboats Are Urged to Use Caution

CLARKSVILLE, Mo. (AP)—The U. S. Army Corps of Engineers urged towboat pilots Monday to exercise great caution near Mississippi River dams following the second barge ramming accident within 24 hours.

Three barges sank at the Clarksville Dam after a six-barge tow slammed against the structure in a heavy current Friday.

A fourth barge was resting atop the three sunken vessels and the river flow through the center gates of the navigation dam was being impeded.

Monday two barges sank and two were damaged at the Saverion Dam, 30 miles upstream from Clarksville, when the towboat Tampico's rudder broke as it maneuvered the four-barge tow toward the lock.

All five sunken barges were laden with grain and operators estimated the total damages to equipment and cargo will run to about \$700,000.

At Clarksville Col. Alfred J. D'Arezzo declared an emergency Sunday night and ordered salvage equipment to the dam to remove the sunken barges. The hulks blocked the flow through the center gates, causing the water to swirl at increased velocity through the end gates and creating the danger of erosion at the base of the dam.

Col. D'Arezzo said swift currents and strong cross currents were partially responsible for the two accidents. The river presently is carrying the runoff of fast-melting upstream snow.

No injuries resulted from either of the accidents, although three crewmen were aboard the barges that struck the Saverion Dam Monday. They scrambled to safety on the dam piers.

The plow is said to have originated in the eastern Mediterranean region before 3000 B. C., according to the Encyclopedia Britannica.

## U. S. Proposes

Continued From Page One prohibition "negative"

By MICHAEL GOLDSMITH

GENEVA (AP) — The United States proposed a sweeping world disarmament program today with a new enforcement concept based on spot checks in the territories of the great powers.

The detailed 35-page treaty draft was submitted to the 17-na-

tion disarmament conference by U.S. Ambassador Arthur H. Dean.

Dean said the new plan was based on the principle "that the nations of the world should seize a moment in time to stop the arms race, to freeze the military situation as it then appears, and to shrink it to zero, always keeping the relative military positions of the parties as near as possible to what it was at the beginning." Instead of starting the disarmament process with an inventory of national military establishments—which the Russians have always rejected as espionage—the

new American plan called for spot checks in selected areas.

These checks would be conducted on the sampling technique developed by big industrial corporations. The military forces and installations in any sample area would give international inspectors a picture of the total.

American officials said Soviet diplomats with whom they discussed the sampling idea prior to introduction of the draft "seemed fascinated by it" but did not commit their government.

The Americans felt the sampling procedure went a long way toward meeting Soviet objections against foreign inspectors swarming all over Russia in the early stages of disarmament.

Under the American plan, the inspectors would thoroughly investigate at any one time only one of many identical districts into which the territory of the big nations would be divided. Each said would be free to choose any single district of the other without advance warning.

From the arms and armed forces found in the chosen district, mathematicians would project an estimate of each state's total military strength.

Unlike the Soviet plan for total disarmament within four years, the U.S. plan contained no time limit for its completion. The first two of its three main stages would last three years each.

The step-by-step approach to world disarmament contained numerous safeguards including an elaborate international control organization with ever-widening powers.

Each succeeding stage in the disarmament process would begin only when the control organization "determines that the conditions specified in the treaty have been met."

## Arkla Asks Hike of Plant Rates

LITTLE ROCK (AP)—Arkansas Louisiana Gas Co. is seeking Public Service Commission approval of industrial rates on two natural gas contracts.

One is with the Conway Power and Water Co., the other with Arkansas Chemicals, Inc., of near El Dorado. Both contracts would run through Dec. 31, 1974 and would provide for delivery of 1,200,000 cubic feet of gas daily to each plant. Minimum monthly charge would be \$400.

# Colts Draw 1st Blood in Battle of Have-Nots

By JACK HAND  
Associated Press Sports Writer

The eager Houston Colts have drawn first blood in the battle of the have-nots in the National League.

After one week of play, the youthful Colts are scurrying along in fourth place, only two games off the pace, and the New York Mets' still are looking for their first victory.

The two new clubs of the National League met for the first time Tuesday afternoon at the Polo Grounds with the Colts grabbing a 5-2 decision on Don Bud-din's three-run homer in the 11th inning.

The older Mets with a veteran lineup of faded names were supposed to be the long ball hitters. The Colts were reported to be a fiery band of line-drive single hitters. But the Colts turned to power for all their runs on Norm Larker's two-run homer and Bud-din's winning blow. Gus Bell's homer that tied the score with two out in the ninth was the only explosion by the Mets, who have lost all five starts.

Pittsburgh rebounded from a five-run spurt by Chicago in the first inning and handed the Cubs their seventh straight defeat 10-6. It was the sixth victory for the unbeaten Pirates.

Los Angeles bombarded San Francisco's pitchers for eight runs in the early innings and held on for an 8-7 decision with Frank Howard and rookie Tim Lincecum hitting home runs.

A scheduled night game between St. Louis and Philadelphia was postponed because of cold weather. Cincinnati and Milwaukee were not scheduled.

In the American League, rookie Joel Horlen of Chicago blanked Minnesota 3-0 with six hits and Detroit smothered Washington 9-2 in day games. In night games, the New York Yankees bounced Baltimore 4-3. Dick Donovan pitched his second straight shutout over Boston as Cleveland won 5-0 and Kansas City beat Los Angeles 5-3 to spoil the Angels' home opener.

Bobby Shantz and Jay Hook were hooked up in a fine score-less duel at the Polo Grounds. In the sixth, Shantz suffered a catch in his left shoulder while making an off-balance throw in the sixth.

The Colts finally broke through for two runs on Larker's homer in the sixth but the Mets got even with an unearned run in the

## Celtics and Lakers Fight It Out Tonight

BOSTON (AP)—An Army private and an old war horse collide tonight and the result could determine whether the challenging Los Angeles Lakers or the defending Boston Celtics wear the National Basketball Association championship crown for the next year.

Pvt. Elgin Baylor of the Lakers and veteran Bob Cousy of the Celtics hold the individual keys to the outcome of the final game of the final series.

The 6-foot-5, 225-pound Baylor makes the Lakers go. When he was below par for a stretch at Los Angeles Monday night, Boston grabbed a lead and went on to deadlock the best-of-seven series at three games apiece.

The Celtics will be gunning for an unprecedented fourth consecutive championship with the 33-year-old Cousy still at the helm despite a painful and bothersome injury to his shooting hand.

eighth and Bell's homer in the ninth. The winning blow by Bud-din, former Boston Red Sox, was hit off loser Herb Motford who took over in the ninth after Hook left for a pinch hitter. Jim Golden was the winner in relief.

The Dodgers recovered from Monday night's 19-8 disaster in San Francisco and knocked out Mike McCormick, who was making his first start. In addition to the homers by Howard and Harkness, Tommy Davis continued his batting spurge with a bases-loaded double and Maury Wills drove in the other run with a center field triple. Don Drysdale won his second with relief help from Larry Sherry in the seventh.

Dean Probes Proposal of Small Nations  
By TOM OCHILTREE  
GENEVA (AP)—U.S. Ambassador Arthur H. Dean sought to determine today whether effective enforcement provisions can be incorporated in an eight-nation compromise proposal for the suspension of nuclear weapons tests.

He told the 17-nation general disarmament conference that the U.S. government is making a careful study of this plan.

The proposal was introduced Monday by the eight nonaligned nations at the conference—Brazil, Burma, Ethiopia, India, Mexico, Nigeria, Sweden and the United Arab Republic.

The eight nations sought to resolve differences over control which have prevented the United States and Britain from concluding a test ban treaty with the Soviet Union.

The proposal calls for detection systems to watch for nuclear explosions. Data collected by these systems would be assessed by an international commission.

Western experts were wary, however, because the plan provided for on-the-spot inspections only if the country under suspicion agreed to admit the international commission.

Until a year ago the Soviet Union had agreed to the idea of an international control system and argued details with the United States and Britain. Then the Soviets switched, charged an international system would put spies into the Soviet Union and called

## Electrical Firms Talk of Merging

PINE BLUFF, Ark. (AP) — A Pine Bluff electric corporation and a St. Louis electric corporation are negotiating a merger.  
Frank A. Newcombe of Pine Bluff, president of Central Trans- former Corporation, and George W. Brown, president of Wagner Electric Corporation of St. Louis, made a joint announcement Mon- day concerning the merger.

They said details are still being worked out, and are subject to approval of the boards of di- rectors and stockholders of both com- panies. They said Central Trans- former would continue to operate as a separate division of Wagner.

The Pine Bluff firm is principal- ly a manufacturer of distribution transformers. Its sales, combined with sales of another plant at Ar- cadia, Fla., are about \$7.5 million annually.

Wagner has four plants, includ- ing one at Brinkley. It produces motors and transformers, air and hydraulic brake equipment for au- tomotive and off the road equip- ment and replacement parts for brake systems. Its total sales are about \$100 million annually.

# Robinson's Bat Reviving the White Sox

By JACK CLARY  
Associated Press Sports Writer

Floyd Robinson, not a go-go-er by Chicago White Sox standards, seems to be the much-needed power hitter that Manager Al Lopez has sought to revitalize his sputtering attack of the past two seasons.

The 25-year old San Diego, Calif., native doesn't burn up the basepaths like teammates Jim Landis and Luis Aparicio, but his red-hot bat has sent him to the top of the American League's runs batted in list with 13.

Robinson, who hit a nifty 310 as a rookie, is going along at a 500 clip at the start of his sopho- more season. He ruined the Min- nesota Twins' 8-0 Tuesday with his second home run, a pair of doubles and seven runs batted in.

Just as dynamic as Robinson's hitting was the New York Yan- kees' approval of the reduced mileage to Baltimore's outfield fences, as the Yanks crashed a pair of home runs in whipping the Birds 8-3.

Dick Donovan pitched his sec- ond straight shutout over Boston, blanking the Red Sox for Cleve- land 5-0 and Jim Bunning of De- troit defeated Washington 9-2, backed by four home runs. Kan- sas City spoiled the Los Angeles Angels debut in the new Chavez Ravine stadium with a 5-3 victory that knocked the Angels out of a tie for first place with the Yan- kees.

In the National League, Pitts- burgh stayed unbeaten at 4-0 with a 10-6 victory over winless (0-7) Chicago and Houston kept New York in the same predicament with a 5-2, 11-inning victory. Los Angeles outslugged San Francisco 8-7 while St. Louis' night game at Philadelphia was postponed because of cold weather.

Robinson, who hit 11 homers and had 50 RBI as a rookie, backed rookie Joel Horlen's six- hit pitching with a two-run, first

# Says Freedom Endangered by Controls

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen of Illinois told a GOP women's conference today that freedom is endangered by controls and loose financial policies.

Dirksen and House GOP Lead- er Charles A. Halleck of Indiana, spoke at the concluding business session of the 10th annual Repub- lican Women's Conference — de- signed to beat the drums for the 1962 congressional election cam- paign.

Halleck's main theme was a de- nunciation of "The Liberal Pa- pers," a book, he said, 12 Democratic congressmen spon- sored.

He said the book is full of "33 words for better Red than dead, and we Republicans don't want any part of that."

The women's conference ended in late morning and a reception followed — with Gov. Nelson A.

inning homer off loser Camilo Pascual (1-1), had a two-run dou- ble in the fifth and a three-run double in the ninth. He also had a single and now has 12 hits in 24 at bats.

Baltimore moved in its distant outfield barriers during the win- ter and Bill Skowron took aim on the left field fence with a tie- breaking shot in the seventh. He also drove in three runs. Cle- Boyer had two RBI, one on his fifth-inning homer. Jim Coates, who pitched four innings of hil- less ball in relief of Whitey Ford, was the winner.

Donovan beat the Red Sox again with his second straight five hitter and got all the help he needed from Willie Kirkland's two-run homer in the first inning. Kirkland had four hits and threw out a runner at the plate. Bill Monbouquette was the loser.

Al Kaline's first 1962 homer broke a 1-1 tie for the Tigers and Bill Bruton wrapped up things with a three-run shot. Norm Cash hit his third homer and Dick Brown his first as Bunning (1-0) scattered seven hits.

# Highway Dept. to Host Seniors

LITTLE ROCK (AP) — The Ar- kansas Highway Department will play host Friday to 40 senior en- gineering students from the Uni- versity of Arkansas.

The students will be taken on a tour of Highway Department head- quarters and of construction pro- jects in the Little Rock area.

The Highway Department held its first Student's Day last year. Y. W. Wheelchel, administrative assistant in charge of public rela- tions, said the event would be made an annual affair.

Wheelchel said familiarizing stu- dents with Highway Department operations helps the department in its recruiting program.

Rockefeller of New York in the receiving line. Rockefeller also was the main speaker at a luncheon.

Dirksen said freedom and lib- erty are the issue now as they were when Lincoln signed the Emancipation Proclamation 100 hundred years ago.

Dirksen said he and Halleck warned more than a year ago that Russia would resume nuclear tests, even carried the warning to President Kennedy, and then learned 19 hours afterward that a 50-megaton bomb had been ex- ploded.

Republicans, he said, claim the right to suggest, modify, and op- inize in the field of foreign policy but are going to stand united be- hind the policy when the chips are down.

On the home front, Dirksen said that a deficit of \$7 billion or more is in sight this year and in- stead of a \$300-million surplus which Kennedy predicted for the new fiscal year starting July 1, there will be a deficit in excess of \$4 billion.

"How do you think that squares with all the glowing and eloquent promises of the New Frontier?" he asked.

Controls, the senator said, are another way of destroying free- dom on the home front. And, he said, Secretary of Agriculture Orville L. Freeman means business on that in legislation that would provide jail and fine penalties for dairy farmers who fail to keep supply records.

The Interdenominational Ministerial Alliance will sponsor a Union Sunrise Easter Service at the Rising Star Baptist Church, Rev. M. S. Riley, pastor, Sunday, April 22 at 6 a.m.

The Easter message is to be delivered by Rev. A. L. Scott with Rev. M. R. White as alternate. All choirs of the area are asked to participate in the singing and everyone is invited to attend this special sunrise service.

The Annual Easter Sunrise Service will be held at Mt. Pleasant CME Church Sunday, April 22 at 5:30 a.m. Rev. E. A. Porchia will bring the message. Rev. A. Morris, pastor.

**Yerger-Shover PTA Meets**  
The Yerger Shover PTA held its regular meeting on Monday night with President Carmichael in charge. After the regular business he presented A. B. McQueary, who was in charge of the program and gave a brief talk on "Which plays the most important role in an individual's life, Heredity or Environment?"

Discussing Heredity were G. L. Cox, H. L. Washington and C. G. Carmichael. Discussing Environment were Miss Ford, Mrs. Willie and Raymond Williamson. Judges were Mrs. Lula Gamble, Mrs. Catherine Lacey and G. Williamson. The group on Environment won the discussion.

Rev. A. L. Scott, pastor of Loneoke Baptist was a guest. C. G. Carmichael, president, Mrs. G. Williamson, reporter.

## Forestry Clubs Plan Meeting

**MONTICELLO, Ark. (AP)** - About 230 persons are expected to attend the Association of Southern Forestry Clubs conclave at Arkansas A&M College here April 27-29.

The conclave will sponsor events on ax throwing, pole climbing, bait casting, log chopping and rolling. The forester with the longest beard will be named "Son of Paul Bunyan."

## Out of Hospital

**HOLLYWOOD (AP)** - Hollywood columnist Louella Parsons, under treatment for shingles and pneumonia, probably will be released from the hospital by the end of the week, her physicians report.

The 81-year-old columnist entered Cedars of Lebanon Hospital last Tuesday.

**Chapter 27**  
Captain Self glanced at Thatcher, suspicious of mockery. Then deciding that the man's interest was sincere, said "The way I see it, Robert Schneider was just like a smart little kid. He was so conceited that he couldn't think about anything but himself. He liked to do little things to show off. He did things to show people like Stan Michaels—" "And Roy Novak?" "And everybody," Self amended firmly. "To show them he was smarter than they were. It made him feel big. His wife told me he was the kind of man who never had time to think about his own son—he was so wrapped up in his work. I don't believe that." Self stopped again in search of the precise way to explain what he meant. "You know, there aren't many people like that in this world."

"You mean the kind of people who live and die for what they're doing at the office and don't care about anything else?" "Well, Schneider wasn't one of them," Self said. He was a hard worker, all right. But you just take a look at that Edward Street apartment. Built-in furniture, hi-fi—all of it taking a lot of time and money. No, he noticed a lot of things, all right. He just was playing a game—showing off to that poor stupid woman that he was an important man."

Thatcher thought for a moment, this was a new view of Schneider. "The same way that he had an affair with the boss's daughter and his partner's wife..." Self hesitated for a moment, then said, "Sure. To show them how clever he was. How much smarter he was. He liked to remind old Stan Michaels how much they needed him. That's how he was conceited and selfish."

"And you think he pushed somebody too far? By showing off?" "You know," Self said, "people get fooled pretty easily. Just because this guy didn't talk much, a lot of people didn't see that he was showing off."

Thatcher nodded somberly.

The First National, inspired by its eagerness to please, provided Thatcher with a car and driver for his trip to Batavia the next morning.

As Thatcher emerged from the car, the door of the house opened and a woman came out onto the porch.

"Oh, it's so kind of you to come, Mr. Thatcher."

"Nonsense," lied Thatcher braggingly. "I had some business in Buffalo and this trip is no trouble at all."

She ushered him into the tiny living room, installed him in the largest chair, and offered him a variety of refreshments. He accepted a cup of coffee as the casual way to stem the tide of hospitality, knowing that she would not be comfortable unless she had something to fuss with. She returned almost immediately with a tray and seated herself on the couch.

"I realize that you must be having a good deal of trouble planning your future, Mrs. Schneider. You should know that I spoke with Mrs. Henderson's physician

## Rich Democratic Leader Dies

**PHILADELPHIA (AP)** - James P. Clark, prominent Democratic party leader, sportsman and millionaire trucker, died today in his sleep, apparently of a heart attack. He was 63.

Clark suffered from a heart ailment for some time.

Clark, 63, was finance chairman of the Philadelphia Democratic Committee. He also was chairman of the board of the Philadelphia Eagles National Football League team, and the head of the new Liberty Bell harness racing track now being built in northeast Philadelphia.

## 35 Flights Planned

**EDWARDS AIR FORCE BASE, Calif. (AP)** - The National Aeronautics and Space Administration is planning at least 35 more flights for the X15 rocket plane in the next two years.

The plane is expected to attain altitudes of 100 miles at maximum speeds of 4,000 m.p.h.

before I left New York, and she is sinking rapidly. It can only be a matter of a few weeks at the most."

"Mrs. Henderson?"

"Mrs. Henderson is your husband's aunt. When she dies the trust funds will be distributed. It is now reasonable to assume that this will happen within the next three weeks."

"Then the boys will be all right, no matter what happens to me." She spoke wonderingly, as if it were impossible to contemplate a situation in which her first concern must not be directed to the vulnerability of her sons.

"Financially, yes," Thatcher spoke with intentional crispness. It was his experience that dealing with the details of adversity was not only necessary but also helpful in reducing adversity to manageable proportions. "But there are still a good many other problems. 'Have you engaged a lawyer?'"

"No. Fred—my brother-in-law—tried to persuade me, but I don't like his lawyer and I don't know any others, so—"

"Very well then," Thatcher interrupted ruthlessly. "If you approve, I have undertaken to arrange something for you. Captain Self and I had a talk yesterday night before I came out here. It's clear to me that he has no immediate plans for an arrest. Speaking quite personally I doubt if you head his list of suspects, but that's beside the point. In my opinion matters have not reached the stage where you need a criminal lawyer. But you do need legal services for handling your husband's estate and your sons' inheritance. The First National Bank has spoken with their outside counsel—Gray, Bettinger, and Linkworth — and Mr. Linkworth has agreed to handle your affairs upon your request. He will be in a position to obtain additional legal services if the need should arise."

Paragraph 13: Distribution in towns receiving 25 or more copies in detail by counties, as well as the total only for towns receiving less than 25 copies daily.

Evening December 12, 1961

The listing below gives gross distribution for one day only and is greater or less than the net paid average for the period covered by this report by the following percentages:

City Zone	0.24% greater
Retail Trading Zone	1.09% greater
All Other	4.32% greater
<b>GRAND TOTAL</b>	<b>0.71% greater</b>

The "adjusted figures" of county totals appearing below have been arrived at by decreasing (or increasing) the listed county total figures by the appertaining percentages as above set forth. These adjusted county totals will, therefore, approximate the net paid average for the period covered by this report.

\*"Balance in County" is comprised of the distribution in towns receiving less than 25 copies which is not identified with the towns, townships or minor civil divisions listed.

AUDIT BUREAU OF CIRCULATIONS

End of Audit Report.

## WHAT IS ABC?

The Audit Bureau of Circulations, Chicago, by its own definition is: "A co-operative association of advertisers, advertising agencies and publishers for the verification of circulation of newspaper and periodical members in the United States and Canada."

It is controlled by those who buy advertising (manufacturing, merchandising and service companies, and their agencies) rather than those who sell advertising (newspapers and magazines).

## COST OF ADVERTISING

Pick up an invoice for newspaper advertising and you will find that you are billed for so many column-inches at so much per inch. That's how it is billed — **but that isn't how it is sold.**

The price of an inch of advertising is meaningless unless you know what the paper's circulation is. When you know that you know the cost.

**The cost of advertising is the cost per inch per thousand circulation.** That's the great yardstick by which advertising is bought and sold from coast to coast. The national advertisers call it "the milline" — the cost per line (1/14th of an inch) per million circulation.

Now you know why ABC audits are important. They verify circulation — the factor which is combined with the publisher's charge per inch to establish the advertising cost yardstick.

## IT'S CHEAP TODAY

Hope Star's local advertising costs about the same today as in 1929. The rate-per-inch is higher, it is true — but circulation also has increased. Here is the comparison:

	1929	1962
Local "open" rate per inch per thousand	20c	28.4c

And that's a performance we feel deserves a page advertisement all its own.
